2025/26

MISDC Fees Policy 2025/26

Introduction

MI ComputSolutions (MI Skills Development Centre) works in partnership with various lead providers and Local Authorities' (LA) Adult Learning Services. We offer both accredited and non-accredited courses that are funded by the LA's which receive grant funding from the Greater London Authority (GLA) Adult Skills Fund (ASF), and through our direct GLA ASF and Skills Bootcamp Funding. We also offer accredited courses that are financed by the DfE/Student Loan Company England.

You will be fully supported in completing your application and you will be made completely aware of fees that you may have to pay for your course before you enroll on our courses.

Non-accredited Course Fees

Our non-accredited Local Authorities Grant funded courses are free to those who are claiming benefits, Economic Inactive, Asylum Seekers and Refugees or those whose total household income is less than £27,007.50 per annum or learners that receive other state benefits and earning less than 16 times the minimum wage per week or earning less than £952 per month as a sole claimant and £1534 as a joint claimant; or unemployed and not on any benefits and living in any relevant London Borough. If you do not fall into these categories, there may be a small fee to pay.

Accredited Course Fees

Our accredited course fees may be free or subsidised by the DfE/ GLA for those living in any London borough and if you meet certain criteria. We will be able to confirm whether or not you qualify before enrolment on our courses.
